Cash at the beginning of the year		1,560,323	416,636
Cash and cash equivalents at end of year	2	945,618	1,560,323

The above statement of cash flows should be read in conjunction with the accompanying notes.

1. Summary of material accounting policy information

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

In the opinion of the members of Sydney Anglican Services ("SAS"), SAS is not a reporting entity because there are no users dependent on a general purpose financial report. These are special purpose financial statements that have been prepared for the purpose of complying with the *Sydney Anglican Services Ordinance 2017*, and the *Accounts, Audits and Annual Reports Ordinance 1995* requirements to prepare and distribute financial statements to the members of the Standing Committee of the Synod of the Anglican Church Diocese of Sydney (for tabling to Synod) and to the members of SAS and must not be used for any other purpose.

The financial statements have been prepared in accordance with the recognition and measurement principles of Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board, except as noted below.

The members of SAS have determined that the accounting policies adopted are appropriate to meet the needs of the members of the Standing Committee of the Synod of the Anglican Church Diocese of Sydney and the members of SAS. The financial statements contain only those disclosures considered necessary by the members of SAS to meet the needs of the above named specified users.

SAS is a not-for-profit entity and a basic religious charity for the purpose of preparing financial statements.

Historical cost convention

The financial statements have been prepared on a historical cost basis.

Critical accounting estimates and judgments

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying SAS's accounting policies. The areas involving a higher degree or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 18.

(b) Principles of consolidation

SAS does not prepare consolidated financial statements. Refer to Note 14 for interests in associated entities.

(c) Revenue recognition

Under AASB 15, a five step model is used to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which SAS expects to be entitled in exchange for transferring goods or services to a customer.

A performance obligation is a promise in a contract with a customer to transfer a distinct good or service to the customer. SAS's contracts with customers contain a single performance obligation. A contract's transaction price is allocated to each distinct performance obligation. The revenue is recognised over time when the performance obligation is satisfied.

Service fees are generally determined for the financial year and brought to account on a straight-line basis over the year.

Rental income is recognised over the time period for which rent has been charged.

Grants and donations do not have specific performance obligations and are recognised in income when received.

1. Summary of material accounting policy information (cont.)

Disposal of plant and equipment

Income from the disposal of plant and equipment is measured at fair value of the consideration received or receivable less the carrying value of the fixed asset or group of assets sold. Gain or loss arising from the sale is recognised at net amount in the statement of comprehensive income.

Interest income

Interest income is recognised on a time proportion basis using the effective interest method. When a receivable is impaired, the entity reduces the carrying amount to its recoverable amount.

(d) Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

(e) Cash and cash equivalents, and restricted cash

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

Restricted cash and cash equivalent amounts are disclosed in Note 2 which represents funds held in trust by SAS through the operation of current accounts for its client entities, the liability (or asset) for which is disclosed in Note 9.

(f) Financial assets

(i) Classification

SAS has classified financial assets based on the SAS's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Based on the above, SAS has classified its financial assets in the amortised cost measurement category.

SAS reclassifies financial assets when and only when its business model for managing those assets changes.

(ii) Recognition/de-recognition

Regular way purchases and sales of financial assets are recognised on trade date, being the date on which the SAS commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and SAS has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, SAS measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

(iv) Impairment

SAS assesses on a forward-looking basis any expected credit losses associated with its debt instruments carried at amortised cost. The impairment methodology that would be applied depends on whether there has been a significant increase in credit risk.

1. Summary of material accounting policy information (cont.)

(g) Short term financial assets – loans with DCIF

SAS's loan funds with the Diocesan Cash Investment Fund (DCIF) are financial assets. The purpose of these loans is to collect contractual cash flows that are solely payments of principal and distributions received on a periodic basis.

At initial recognition, SAS measures these financial assets at their fair value plus transaction costs that are directly attributable to the acquisition of the financial assets.

Purchases and sales of financial assets are recognised on trade date, being the date on which SAS commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and SAS has transferred substantially all the risks and rewards of ownership.

Distributions from loan funds with DCIF are received on a periodic basis and brought to account as earned and receivable. As the income from the DCIF loans is based on the distributable income of DCIF, the income is classified as a distribution, and the loans are classified as fair value through profit or loss in accordance with AASB 9. Additionally, as the fair value of the loans is determined to be the loan balance there is no fair value movement to be recognised.

(h) Impairment of financial assets

The entity has two types of financial assets that are subject to the expected credit loss model:

- receivables from related entities from the provision of services
- financial assets carried at amortised cost

While cash and cash equivalents are also subject to the impairment requirements of AASB 9, the identified impairment loss was immaterial.

SAS applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

SAS assesses on a forward-looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Financial assets at amortised cost are considered to have low credit risk, and the identified impairment loss was immaterial. SAS considers the financial assets are 'low credit risk' because of a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the near term.

(i) Receivables and other assets

Receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of receivables is reviewed on an ongoing basis. Debts, which are known to be uncollectible, are written off. A provision for doubtful receivables is established when there is objective evidence that the entity will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is recognised in the statement of comprehensive income.

(j) Loan

SAS provided an interest-free, subordinated, unsecured loan of \$100,000 to SDS Legal. The loan remains repayable by SDS Legal, and no call has been made on the loan. Due to the uncertain nature of the recoverability of the loan, it was impaired in 2019 for accounting purposes only.

1. Summary of material accounting policy information (cont.)

(k) Leases

SAS does not apply AASB 16 Lease Accounting. Lease expenses incurred as lessee are recognised immediately in profit and loss.

l) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives as follows:

Furniture and fittings	5 years to 10 years
Office equipment	2.5 years to 5 years
Computer hardware	2.5 years to 5 years
Motor Vehicles	5 years
Leasehold improvements	10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each end of the reporting period.

(m) Intangible assets

Costs incurred in acquiring software that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software.

SAS amortises intangible assets – software using the straight-line method over its estimated useful life, as follows:

Software 3 years to 5 years.

(n) Acquisitions of assets

The purchase method of accounting is used to account for all acquisitions of assets regardless of whether equity instruments or other assets are acquired. Cost is measured as the fair value of the assets given, shares issued or liabilities incurred or assumed at the date of exchange plus costs directly attributable to the acquisition.

(o) Payables

These amounts represent liabilities for goods and services provided prior to the end of financial year, which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(p) Current account held for client entities

Cash deposits held by SAS in trust for client entities are carried at their principal amounts.

(q) Provisions

Provisions for make good obligations and termination benefits are recognised when there is a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

1. Summary of material accounting policy information (cont.)

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability.

(r) Employee benefits

(i) Wages, salaries, annual leave and personal leave

Liabilities for wages and salaries including non-monetary benefits and annual leave expected to be settled within 12 months of the end of each reporting period are recognised either in payables or current provisions in respect of employees' services up to the end of each reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

No liability has been recognised for personal leave, it is not considered that any personal leave taken will incur additional costs.

(ii) Long service leave

The liability for long service leave is recognised in the provision for long service leave entitlements and measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of each reporting period. Consideration is given to the expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using Australian Government Bond Yields at the end of each reporting period for a term that matches estimated future cash outflows.

Employee benefit on-costs are recognised and included in employee benefit liabilities and costs when the employee benefits to which they relate are recognised as liabilities.

The obligations are presented as current liabilities in the balance sheet where SAS does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(s) Capital

Represents the original capital contributed to SAS. Capital has been contributed by the Synod of the Anglican Church of Australia Diocese of Sydney. SAS's governing ordinance grants no rights or preferences in relation to the capital, and places no restrictions on the use of the capital in pursuing SAS's objectives and providing benefits to the Synod's stakeholders.

(t) Reserves

Appropriate reserves are created to enable SAS to meet projected future major expenditure without significant dissipation of working capital or requiring SAS to borrow significant sums to fund that expenditure.

(u) Income tax

SAS is exempt from income tax under Section 50-5 of the *Income Tax Assessment Act 1997*.

(v) Goods and Services Tax (GST)

SAS is the representative member of the SAS GST group and a member of the Anglican GST Religious group.

Revenues, expenses, and assets are recognised net of the amount of GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

The GST components of cash flows arising from operating, investing, or financing activities, which are recoverable from, or payable to the ATO, are presented as operating cash flow.

2. Current assets – Cash and cash equivalents, and restricted cash

	2025	2024
	\$	\$
Cash at bank	944,518	1,558,723
Cash in hand	1,100	1,600
Balances per statement of cash flows	<u>945,618</u>	<u>1,560,323</u>

SAS provides administrative, technology, human resources, legal, secretarial, and accounting services to a range of organisations. As part of these services, SAS holds cash deposits, in trust, on behalf of its client entities, and these funds are pooled with SAS's own funds in accounts with an authorised deposit-taking institution or the Diocesan Cash Investment Fund, for administrative efficiency. SAS controls the funds and has the ability to invest the funds at its discretion to earn interest income. SAS also bears any related credit risk in case of bankruptcy of an institution. As a result, of these matters SAS has determined that these balances should be reported as financial assets of SAS. However, clients are entitled to the full amount of any cash deposited in the event of insolvency and SAS has also considered that these balances represent in effect a restricted cash balance.

Amounts held for clients are credited into separate liability accounts and recognised as liabilities (refer Note 9) or asset (if appropriate). SAS has a contractual obligation towards the clients in the event of bankruptcy of a financial institution or its insolvency.

Funds held in the Diocesan Cash Investment Fund (Note 3) include a restricted cash and cash equivalent amount of \$508,762 (2024: \$0), which represents funds held in trust through the operation of current accounts by SAS's client entities as noted above. SAS has considered that this balance remains available for use in the short term. Restricted cash is largely deposited with the Diocesan Cash Investment Fund.

3. Current assets – Financial Assets

	2025	2024
	\$	\$
Diocesan Cash Investment Fund	<u>3,791,057</u>	<u>1,196,057</u>

Financial assets at fair value through profit or loss are the unsecured loans to the Diocesan Cash Investment Fund (DCIF). The loans to DCIF are separate from those made by any other lender and makes SAS an unsecured creditor of DCIF. Deposits are repayable on request by SAS in accordance with the conditions set out in the Loan Agreement between SAS and the DCIF.

The DCIF has adopted an Investment Policy Statement which stipulates the permitted asset classes and strategic asset allocation for the investments of the DCIF. These include at-call accounts, cash accounts, and term deposits. These investments can also be made through authorised managed fund investments to the extent that they are made in the above assets categories. The assets in which the authorised managed fund has invested in are stipulated in the investment strategy and asset allocation policy of the fund. It includes at-call balance and term deposits with a maximum duration of 12 months per deposit and an expected portfolio average duration of three to six months to maturity at any point in time.

4. Current assets – Receivables and other assets

	2025	2024

Gain/(loss) on sale of plant and equipment	<u>82</u>	<u>-</u>

6. Leases

SAS holds office property leases on Level 2 St Andrew's House.

SAS does not apply AASB 16 Lease Accounting and therefore lease costs are expensed into the Statement of Comprehensive Income.

Extension and terminations options

There is a 5 year extension option available under the current office lease.

Amounts recognised in the statement of comprehensive income

	2025	2024
	\$	\$
Rental and occupancy	<u>1,029,106</u>	<u>976,286</u>

7. Non-current assets – Intangible assets

Nature and purpose of reserves

(i) *Capital maintenance reserve*

The capital maintenance reserve is used to ensure sufficient capital is generated and maintained by SAS operations. Amounts will be transferred to the reserve to maintain the real value of the contributed capital and accumulated surplus.

(ii) *Premises fit out works reserve – 2022 Fit out*

The Premises fit out works reserve was used to generate sufficient working capital to enable SAS to undertake significant fit out works in its premises at the time of entering a new lease in August 2022. The fit-out reserve will be amortised over ten years.

Premises fit out works reserve – Future Fit out

The Premises fit out works reserve is used to generate sufficient working capital for the likely need for SAS to undertake significant future fit out works in its premises at the time of entering a new leases/premises.

13. Reserves (cont.)

(iii) *ICT projects reserve*

The ICT projects reserve will be used to support expenditure on future ICT projects which will represent the replacement and upgrade of SAS's existing technology and communication infrastructure. Balances may be transferred back to accumulated surplus at times when the ICT projects have been completed.

(iv) *Sub-tenant leasing reserve*

The reserve reflects the sub-tenant's share of the rent incentive that will be provided over 10 years, but the rent incentive that will be received by SAS from the landlord is over a period of 5 years.

(v) *Projects Reserve*

The Projects reserve has been created to provide a funding source for future projects, which were budgeted in previous years but were either not undertaken or were not completed in the previous years. Amounts may be applied from the projects reserve to fund the completion of the projects in a future year or to fund alternative projects which maintain or enhance SAS's service capacity.

(vi) *Cost recovery transition reserve*

The Cost Recovery Transition reserve is intended to support SAS operations over the five-year transition to a new cost recovery methodology adopted in 2020 and to meet any shortfall in the amount paid by the Synod to meet diocesan overhead costs incurred by SAS. The transition period runs from 2022 – 2026. The cost recovery charge payable by some organisations in 2020 under the previous cost recovery methodology was materially different to the costs incurred by SAS in providing services to those organisations in 2020 as calculated under the new methodology. The reserve is intended to provide a reducing cost subsidy over a five-year transition period for those organisations whose 2020 cost recovery charge under the previous methodology was insufficient to meet the costs incurred by SAS in serving those organisations under the new methodology - rather than increasing the cost recovery charge in a single year.

The reserve is funded for this purpose by transferring amounts from surpluses from operations. In 2025 a net \$32,000 was taken from the Cost Recovery Transition Reserve.

Balances in the reserve may continue to be used as a means of delivering an ongoing subsidy to the cost recovery charges payable by the Synod and certain Synod funded organisations.

14. Interests in associated entities

SAS is a member of SCEGGS Darlinghurst Ltd, SCEGGS Redlands Ltd (effective November 2025), and SDS Legal Ltd, all companies limited by guarantee. No financial information of the three companies is disclosed. In regard to the two schools, SCEGGS Darlinghurst Ltd and SCEGGS Redlands Ltd are both limited by guarantee and SAS has not contributed any capital to the schools. In addition, SAS has no expectation of receiving any financial benefit from the schools as by its nature, no dividends are paid and the winding up clause in their constitutions require any surplus on winding up to be paid to an Anglican school in the Diocese. In respect to SDS Legal Ltd, SAS is the sole member. SDS Legal Ltd is a not for profit entity registered with the ACNC and is prohibited by its constitution from making distributions to its member.

15. Contingent liabilities

Contingent liabilities in respect to the membership of SCEGGS Darlinghurst Ltd and SCEGGS Redlands Ltd are limited in their constitutions to the guarantee of \$1 and \$10 respectively.

Contingent liability in respect to the membership of SDS Legal Ltd is limited in its constitution to the guarantee of \$10.

16. Overdraft facility

A Guarantee has been given to Westpac Banking Corporation by Glebe Administration Board as trustee for the Diocesan Endowment for an overdraft facility of up to \$1,200,000 granted to SAS.

Financing arrangements

SAS had access to the following undrawn borrowing facility at the end of each reporting period:

	2025	2024
	\$	\$
Undrawn overdraft facility with Westpac Banking Corporation	1,200,000	1,200,000

SAS has a credit card facility and a transaction negotiation authority facility totalling \$2,080,000 of which \$2,054,671 was unused at year end.

At balance date SAS made available an overdraft facility with a limit of \$1,000,000 to the Glebe Administration Board as trustee for the Diocesan Endowment through its current account with SAS.

17. Related party transactions

Ultimate control vests with Synod through the sanctioning of governing Ordinances. The transactions with other related parties, the Synod and the Standing Committee and most other diocesan organisations are carried out on a commercial basis.

SDS Legal Ltd is a related party of SAS due to SAS being the sole member of SDS Legal Ltd and due to shared senior staff and board members.

Statement of comprehensive income

SAS operates as the central administrative body of the Diocese and is the employer of staff and responsible for providing secretarial and office support for the Archbishop, Registrar and other Diocesan Funds. SAS activities involve extensive related party transactions. SAS's revenues from management and service fees, interest, other income and grants are wholly derived from related parties. Expenses mainly attributable to related parties are interest and finance charges, rent and insurance expenses.

SAS paid the St Andrew's House Trust \$937,574 for office rent, (2024: office rent \$882,658).

Statement of financial position

SAS's net assets also contain outstanding balances with related parties. Included in the assets of SAS are loans to Diocesan Cash Investment Fund, related through a director in common, and some receivables. SAS provides cash administration service via "current accounts" with its client funds. These related party outstanding balances are shown as liabilities or assets, if appropriate.

17. Related party transactions (cont.)

Key management personnel

(a) Members of SAS

Mr John Pascoe (Chair)	The Rev Michael Paget (Archbishop appointment)
Ms Michele Carpenter	Bishop Michael Stead
Dr Laurie Scandrett	The Rev Roger Cunningham
Mr Greg Hammond OAM	Ms Julie Greenall-Ota (Appointed 20/10/2025)

(b) Other key management personnel

The following persons also had authority and responsibility for the strategic direction and management of SAS during the year and after the reporting period

<i>Name</i>	<i>Position</i>
Mr R Wicks	Chief Executive Officer (Resigned 04/12/2026)
Mr J Lau	Chief Financial Officer
Mr A Macey	Chief Executive Officer (Appointed 02/02/2026)

(c) Key management personnel compensation

\$684,239 in 2025 (\$704,917 in 2024)

18. Critical accounting estimates and judgments

Significant estimates and judgments

Estimation of provision for long service leave

Long-term employee benefit liabilities such as long service leave provisions are subject to estimation of uncertain future events. These estimates involve assumptions about such items as discount rates used, future changes in salaries, and individual employee's pattern of use of long service leave.

Cash held in Trust and cash flow statement

SAS holds cash in trust on behalf of its client entities. SAS has used judgment to determine that it controls the funds and has the ability to invest the funds at its discretion to earn interest income. SAS also bears any related credit risk in case of bankruptcy of an institution. As a result of these matters, SAS has determined that these balances should be reported as financial assets and financial liabilities of SAS.

SAS has also considered that this cash balance remains available for use in the short term, albeit with some restrictions, and hence this balance is still classified as cash and cash equivalents for the purpose of the statement of cash flows, and as short-term investments for that amount deposited in DCIF.

19. Events occurring after the end of the reporting period

The members of SAS are not aware of any other events occurring after the reporting period that materially impact the financial statements as at 31 December 2025.

SYDNEY ANGLICAN SERVICES

MEMBERS' DECLARATION

The members of SAS declare that these financial statements and notes set out on pages 1 to 18:

- (a) comply with accounting policies set out in note 1;
- (b) comply with the *Sydney Anglican Services Ordinance 2017* and the *Accounts, Audits and the Annual Reports Ordinance 1995*; and
- (c) presents fairly SAS's statement of financial position as at 31 December 2025 and of its performance, as represented by the results of its operations and its cash flows, for the year ended on that date.

In the members' opinion there are reasonable grounds to believe that SAS will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the members.

Independent Auditor's Report

To the members of Sydney Anglican Services

Report on the audit of the financial report

Opinion

We have audited the accompanying financial report of Sydney Anglican Services (the "Entity") which comprises the statement of financial position as at 31 December 2025, the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policy information and the members' declaration.

In our opinion, the financial report of Sydney Anglican Services has been prepared in accordance with the *Sydney Anglican Services Ordinance 2017* and the *Accounts, Audits and Annual Reports Ordinance 1995* including:

1. giving a true and fair of the Entity's financial position as at 31 December 2025 and of its financial performance for the year then ended; and
2. complying with Australian Accounting Standards to the extent described in Note 1 of the financial report.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter – basis of accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purposes of fulfilling the Entity's financial reporting responsibilities under the *Sydney Anglican Services Ordinance 2017* and the *Accounts, Audits and the Annual Reports Ordinance 1995*. As a result the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the members for the financial report

The members of the Entity are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Sydney Anglican Services Ordinance 2017* and the *Accounts, Audits and the Annual Reports Ordinance 1995*, and the needs of the members. The members' responsibility also includes such internal control as the members determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the members are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the members either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the members.
- Conclude on the appropriateness of the members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
